1949 PRICE LIST

GREETINGS:

Again another season is with us and it is time to make our plans and selections for your 1949 gardens.

We are happy to offer for your choice the greatest selection of Dahlias and other flowers we have had for a number of years.

In this year's Dahlia list we have carefully selected the newest and best of the 1949 introduction of the American and foreign varieties, by the score they received in the Trial Gardens and Dahlia Shows. I don't believe you will find a more complete list than we are offering this year.

With our increase in dahlia acreage of 1948 and more available help, we feel this will be a benefit to our customers this year.

Send your orders in as early as possible so we can fill your order complete.

Thanks to all our customers—old and new—for their past orders, and I hope we may have the pleasure of supplying your needs this year.

Wishing you a successful 1949 dahlia and flower year.

Notice

• "Mother's Day" comes on May 8 so why not send her a lasting gift of Dahlias or other flower plants. On orders for "Mothers Day Gift" we will include a Mother's Day Card.

Classification Of Dahlias

(F. D.)—Formal Decorative.

(I. D.)—Informal Decorative.

(I. C.)—Incurved Cactus.

(S. C.)—Semi-Cactus.

(Min.)—Miniatures.

(Pom.)—Pompon.

(Ball)—Ball or Honey Comb Type.

1949 HONOR ROLL DAHLIAS

The following are this year's Honor Roll Dahlias which have made their records in 1948 Trial Gardens and Show Rooms. They will be the leading Dahlias in 1949 Shows. Don't fail to try as many as you can.

Amos Kirby (I. D.)—Giant wine-red of 12 inch size. Winner of first prizes as largest of show and "American Home" Achievement Medal.

Plants \$5.00 Net

Bride's Bouquet (F. D.)—Pure white, with no trace of any other color in the bloom. Sizes 10 to 11 inches. Stems 7 to 12 inches long and straight. Bushes 5½ ft. On three honor rolls.

Plants \$7.50 Net

Clariain Fancy (S. C.)—A rare beauty and good keeping qualities. Delicate blending of cream and pink with lavender suffusions. The deep flowers have broad, serrated petals. Size 8x5. Winner of many classes and on two honor rolls.

Plants \$5.00 Net

Edna D. (Str. Cac.)—A strikingly large red straight cactus that has been grown to 14 inches. Petals are quite broad and heavy. Will be hard to beat in the new light red classification. Size 12x5. On all three Honor Rolls -----

Plants \$7.50 Net

King Size (I. C.)—Beautiful red flowers of 10 inch diameter by 6 inch depth are held by long strong stems. Has a good winning record. On three Honor Rolls -----

Plants \$5.00 Net

Little Jimmy (Min. F. D.)—Pure white nearly round 3 inches to 3½ inches across and 2 inches deep, long strong stems. On Honor Roll. **Plants \$2.50 Net**

Marilyn Dale (S. C.)—Fuchsia rose of semi-cactus formation is a thing of beauty. Flowers held at a perfect angle on long rigid stems. Bush height 5-6 ft. with insect resisting foliage. Has been grown 14x8. On three Honor Rolls. **Plants \$7.50 Net**

New Look (S. C.)—Very large Empire yellow semi-cactus, size 12 to 14 inches. Long stiff stems. Bush 6 ft. tall with fine green foliage. Has a good winning record. On three Honor Rolls. **Plants \$7.50 Net**

Old Pat (Str. Cactus)—A beautiful blend of rose pink shading to gold, stem strong, holding flower erect, foliage insect proof. Medium size. 7 to 8 inch diameter. On three Honor Rolls. **Plants \$7.50 Net**

Pawtucket (S. C.)—A very large blend of bright orange with cream centers that are perfect. Long stems. Size 13 by 8½. Bush tall, erect and with good habits. On two Honor Rolls. **Plants \$5.00 Net**

Prairie Sun (F. D.)—A welcome addition to the yellow formal class. Well formed eight to ten inch bloom. Long stems. We regard it as best in its class. On three Honor Rolls -----

Plants \$3.50 Net

Rudolph Motznik (I. D.)—Pink informal decorative. Size 11x6½. Stems 8 to 10 inches and canelike. Petals are firm and thick with good keeping qualities. On Honor Rolls -----

Plants \$3.00 Net

Silver Tips (S. C.)—A Chinese red semi-cactus with lacerated tips that as they twist show a silver reverse. An early prolific bloomer with flowers that are very deep which will average 7 to 9 inches. Field grown. On Honor Roll -----

Plants \$5.00 Net

The Cardinal (S. C.)—Cardinal red semi-cactus. Blooms 10 to 12 inches, facing on long canelike stems. Bush 6 ft. with clean and leatherlike foliage. Has good winning record. On three Honor Rolls.

Plants \$7.50

Uncle Dudley (I. C.)—Bi-color—Fuchsia purple, tipped ¾ to 1½ inches white tips. Stems 10 to 12 inches. Bush 4½ feet. Blooms 10x5. A beautiful bi-color. On two Honor Rolls -----

Plants \$3.00 Net

Visitors Welcomed

Any time you are in our vicinity, please pay us a visit. We will be glad to meet you and show you our gardens, nursery and greenhouses. Blooming season for Dahlias and Chrysanthemums are from September until killing frost. Many new introductions will be included in this year's planting.

Future Catalog Request

If we do not have on file an order from you in the last three years you are automatically dropped from our mailing list. However we are glad to mail you our list if you will only request same. This is done to save catalogs as many changes are made in a period of three years and you may not be interested in them any longer.

Therefore we use this method to keep our files up to date with interested flower growers. Thanks.

This list cancels all former price lists and orders will be filled only from this list. So do not order from other lists.

Special Plant Information

Dahlia plants are very satisfactory in regards to bloom and root production and do not cost as much as roots. Plants are developed from selected roots, grown in the greenhouse in clay pots, then shifted outdoors to harden off for more sturdy plants. You can't go wrong using Dahlia plants.

On all orders for dahlia plants, 25c extra must be sent to cover special handling charges. No C. O. D. order on plants unless 50% of the amount of the order is sent at the time the order is made.

Varieties Not Listed

If you are wanting a variety not listed, please write, as we may have it. We do not have all our stock listed.

Also we will have other new introductions for 1949 that are not on our list.

Shipping Information

Orders are booked and filed in order received. Early ordering is advised while stock is complete.

All stock **STATE** inspected and sent to you in a growing condition. We guarantee all stock true to name. Anything proving otherwise will be replaced the following season.

Terms

All orders are cash, unless otherwise arranged. If it is desired to have a shipment made C. O. D., then a deposit of 25 per cent of the order must be sent.

For special handling of green plants include 25c. No C. O. D. orders on dahlia plants unless 50% of the amount of the order is sent at the time the order is made. We guarantee all roots and plants true to name. Any root that does not show an eye in three weeks may be returned and we will replace at once. We guarantee safe delivery on roots and plants also, providing money is enclosed with order for Special Handling of the plants.

Parcel Post Charges

Parcel Post rates were increased January 1, 1949, and ask you to include postage for your order this year.

On orders up to \$3.00 send 15c.
Over \$3.00 to \$5.00 send 25c.
Over \$5.00 to \$10.00 send 35c.
Over \$10.00 to \$15.00 send 45c.
Over \$15.00 to \$50.00 send 50c.

Honor Roll And Standard Dahlias That Were Outstanding In 1949

The following varieties are of recent introductions and some of the older varieties that are still good. On some of the older varieties the description is brief, while on the later introductions we have tried to give a little more information.

All American (S. C. 1941)—Mulberry rose suffused salmon with wax yellow at base of petals. The petals twist somewhat and point in all directions. Very outstanding ----- **Roots 50c**

Ann Tooker (I. D.)—The purest of white. A sensation wherever shown. Petals flat but wavy. Plants grow 6 feet high. Blooms size 13x8 with 12 to 14 inch stem. On two honor rolls ---- **Plants \$2.00 Net**

Angelus (I. D.)—A big cactus of brilliant red heavily blended with gold. A beautiful dahlia and admired by all ----- **Plants 75c**

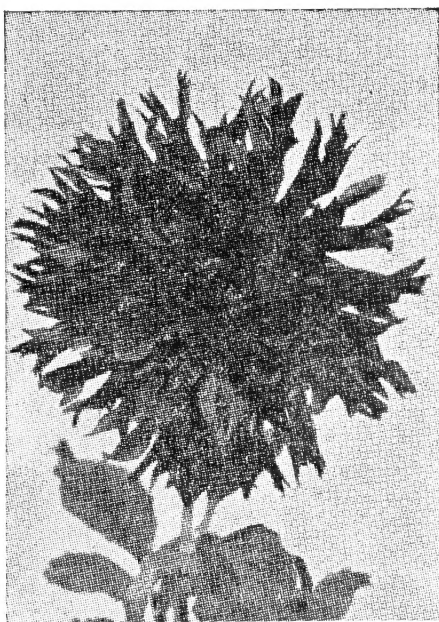

Atomic Yellow (S. C.)—Giant flowers of a beautiful yellow on the early blooms and as the season advances the color changes to gold. Will produce blooms 12 inches by 6½ inches. On two honor rolls ----- **Plants \$2.00 Net**

Autumn Blaze (I. D.)—This was one of the most outstanding dahlia we grew in our 1948 garden. Giant flowering blooms of a brilliant fiery red touched with gold. This dahlia is unusual and very outstanding with a good record in show and in the garden. Was admired by all our visitors. Can be grown to 14 inches with a great depth.

Plants \$2.00 Net

Baker's Best (I. D. 1943)—Lemon yellow bloom of 10 inch size with good stems ----- **Roots \$1.00**

Bataan (S. C. 1943)—Red cactus with petals tipped gold. Good grower ----- **Roots 75c**

Barbara Veirs

Barbara Veirs (I. D.)—Brilliant reddish purple. A color that stands out in the garden. Twisting serrated petals give the blooms a distinctive appearance. Broad leaved foliage resistant to pests. On honor roll ----- **Plants \$2.00 Net**

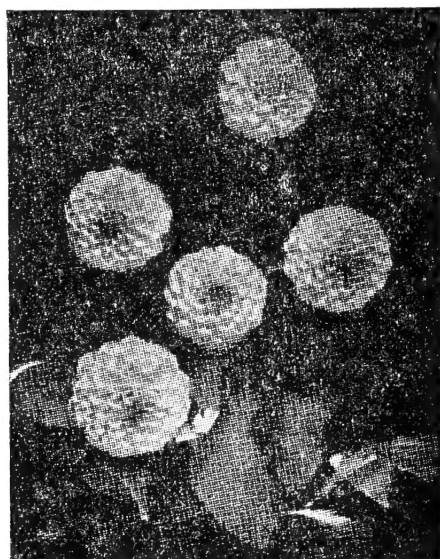

Barbara Lee (S. C.)—Pastel coloring of pink and cream, making a dainty coloring ---- **Plants \$1.00**

Bessie Smith (I. D. 1943)—Pure white. Stems long and strong. Extra good ----- **Roots \$1.00**

Begonia Rose (F. D.)—Extra long stem cut flower with a Raspberry Rose color. Has four certificates to its credit ----- **Roots 75c**

Big Ben (F. D.)—A beautiful true lavender of giant size blooms. Will be a winner in the show room. Bush height is medium. Blooms 12 by 8. On honor roll ----- **Plants \$2.00 Net**

- Blue River (F. D.)**—Blue French violet. The nearest to a blue dahlia. New and good. Special price
Roots 50c
- Black Monarch (S. C.)**—A beautiful dark red color, strong stems and a good vigorous grower. A good exhibition variety -----Plants \$1.00
- Blue Horizon (I. D.)**—French violet color of good depth and size. Free bloomer -----Roots \$1.00
- Blue Rose (F. D.)**—Light pastel lavender-pink on good stems. Extra heavy foliage -----Roots 75c

Bo Bo

- Bo-Bo (M. F. D.)**—Amber yellow tinted red at centers and outer edges. Good substance and beautiful stems. Blooms well within the miniature class. A variety much needed in the miniature class. On three honor rolls -----Plants \$1.00
- Buccaneer (S. C.)**—Scarlet with a band of chartreuse yellow at the base. Later blooms are soft tangerine with yellow tips. Blooms 9 to 11 inches in diameter by 5 to 8 inches in depth. The centers are high and pointed and always tight. Straight strong stems and vigorous bush. On two honor rolls.
Plants \$2.50
- Buckeye Baby (Min.)**—Lovely miniature of gold and and apricot shades. Fine for cutting ----Roots 60c
- Buckeye King (I. D.)**—A giant informal of pure rich gold. An older variety that still goes to the show room -----Plants \$1.00
- Buckeye Peach (F. D.)**—A combination color of peach shades and yellow. Blooms are medium size making them very useful for cut flowers.
Roots \$1.00
- Buddy (Min.)**—A rich bright carmine red with a deep oxblood red center. Fine for cutting. Early bloomer. Size 2½x2 -----Roots 50c
- California Idol (I. D.)**—Clear bright yellow. Large blooms. A prize winner in any show. Sure to please any flower lover -----Roots .75
- California Pageant (I. D.)**—Large beautiful bright golden apricot with bronze reddish shadings making a blend of colors that is attractive. Stems are good, holding flower facing the side. Good for exhibition -----Plants \$1.00
- Catalina (S. C.)**—Bright rose red of the American Beauty shade. Fairly large flower that blooms early. Plant is of medium height, foliage particularly attractive and the numerous branches grow in such a manner as to require little disbudding. This is one of the outstanding dahlias of 1948.
Plants \$2.00
- Carol Lee**—A very nice dahlia of large size of white with pink overcast -----Plants 75c
- Charlotte Caldwell (Ball)**—Bright apricot coral color. Strong stem with healthy foliage. Roots 25c
- Cherokee Brave (I. D.)**—Gigantic oxblood red. Fine form with excellent stems. A real prize winner. Does well in the sun -----Roots 50c

- Cinderella (I. C.)**—A blend of pure deep pink with cream center petals tipped with lavender. Weather conditions varies the lavender to a blue tone. Blooms 7 to 8 inches by 5 to 6 inch depth. On good strong stems. On three honor rolls ---- **Plants \$2.00**
- Clara Carder (I. D.)**—Rose pink, on medium size blooms ----- **Roots 35c**
- Clara Hook (St. C.)**—Penard yellow with slight shades of peach red, lighter yellow at center. Foliage dark green and healthy. Can be an excellent cut flower. Profuse bloomer. On three Honor Rolls ----- **Roots \$2.00**
- Class (F. D.) 1941**—Sulphur yellow formal, with giant blooms which have been grown to 15½ inches. Under ordinary conditions it will average 10 and 11 inch blooms. Bushes are rugged and of medium height ----- **Roots \$1.00**
- Colin Kelly Jr. (I. D. 1943)**—Phlox-pink to lavender. Large blooms 12 to 14 inches in diameter. Rated on three Honor Rolls ----- **Plants \$1.00**
- Col. Little (I. D.)**—Beautiful blend of flame scarlet and orange scarlet with lemon yellow reverse. Curly twisting petals that are deeply notched. **Plants \$1.00**
- Clariam Kelton (I. D.)**—Brick red with yellow shadings, which shows on the face of the flowers as the petals curl and twist ----- **Roots \$1.00**
- Commodore (Dec.)**—Brilliant yellow blooms of giant size ----- **Roots 75c**
- Crowning Glory (Inc.)**—Truly a beautiful Dahlia with large blooms of artistic formation. Color is rose pink with a cream center ----- **Plants \$1.00**
- Commando (F. D. 1943)**—Phlox purple with blooms 10 to 12 inches in diameter. Some descriptions are a clear lavender ----- **Roots 50c**
- Confuscious (S. C.)**—Chinese red. Early and free bloomer. Good ----- **Plants \$1.00**
- Dahliamum (I. D.)**—Similar to a huge chrysanthemum of bright cadium apricot with a golden sheen. The extra long petals recurve to the stem. Bloom of giant size 12 by 10 ----- **Roots 50c**
- *Darcy Sainsbury (I. D.)**—This Australian variety is a fine white with good size and formation. **Roots 50c**
- Dave Platt (F. D. to Ball)**—White with flush of mallow pink at center. Average blooms three to four inches. Vigorous grower with fine branching habits. On Honor Roll ----- **Plant \$1.00**
- Deep Velvet (F. D.)**—Carmine with heavy overlay of oxblood red. Excellent dark green leathery foliage. A positive winner in maroon formal decorative class. On all three Honor Rolls ---- **Roots \$2.00**
- D-Day (F. D.)**—One-tone bright pink on cane like stems. A vigorous grower and fine for florists' use ----- **Roots 60c**
- Dixie Wine Dot (I. D. 1943)**—A variegated white splashed with wine color. Blooms can be grown to twelve inches in diameter ----- **Plants 75c**
- Double Duty (F. D.)**—Color a very deep pink globular flowers on long strong stems. Blooms early and free-branching with natural long stems. **Plants \$1.00**
- Edgar Guest (I. D.)**—A beautiful yellow on long stiff stems of good length. Very fine for cut flowers. **Plants 75c**
- Edith Wilkie (S. C.)**—A pure white Semi-Cactus Dahlia which grows to 14 inches by 10 inches. The greatest white dahlia that will be a leader in show room ----- **Plants \$1.00**
- Elodie K. (S. C.)**—Bright yellow and mallow pink blush of lighter lavender tone. Very beautiful flower with long stems, flowers held on side. On Honor Roll ----- **Roots \$2.00**
- Enchantres (S. C.)**—Bright orange buff with slight rose coloring. Good stems ----- **Roots 75c**
- Essie Smith (S. C.)**—A borderline between lavender and pink and will probably be shown in both color classes. It's on the mallow-purple amaranth-pink order. Every petal curls to a point. Very large 12 by 6½ inch bloom. Stems strong, holds flower facing side and up. On Three Honor Rolls. **Roots 75c**

Esplendido (I. C. 1943)—Soft reddish pink. Bushes tall and strong. Stems good. A grand flower.

Roots 75c

Evelyn Chandler ((S. C.)—Large bright gold of rare color. A straight petaled semi-cactus which has been called a Gold Satan. Size of blooms 10 to 13 inches by 6 to 7 inches deep -----

Roots 75c

Eventide (I. D.)—Deep violet-purple with staghorn petal formation. Sturdy stems -----

Plants 75c

Five Star General (F. D.)—A very large formal blend of Amaranth pink blushing to Tyrian pink and shading to maize yellow toward the center. 1946 Introduction -----

Roots \$1.00

Flaming Glory (I. D.)—Color a mixture of deep red and purplish red with reverse of light red. Petals and petaloids which are colored white and purple in stripes make it full and interesting. Blooms 13 by 8½. Heavy dark and healthy foliage. On Three Honor Rolls -----

Roots \$1.50

Florists' Beauty (F. D.)—A 1946 introduction that was really good. Amaranth purple with fine white tips. Pointed petals. Medium size blooms held on long stems -----

Roots 75c

Francis Hamilton Archer (Giant Ball)—This is a 1946 introduction that is very outstanding in its class. A giant ball dahlia that grows to 6 inches in diameter with ordinary culture. Color is a beautiful lavender violet. On Honor Roll

Plants \$1.00

Fuschia Gem (Min. F. D.)—Amaranth purple with a slight blend of tyrian purple. Very much needed in purple class. Profuse bloomer. On Honor Roll.

Roots 75c

Fuzzy-Wuzzy (Min. F. D.)—Lacinated petals with general color effect in Autumn Gold. Very pleasing and dependable. On Honor Roll.

Roots 75c

Gaylord Ballay—Informal Decorative, of good clear white blooms. Certainly could go to the show room and get the Blue Ribbon -----

Roots \$1.00

Gertrude Lawrence (I. D.)—Light cerise to watermelon red on long stiff stems. One of the big ones.

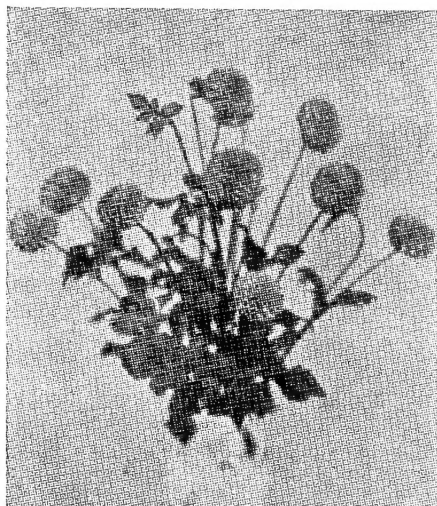

Roots 75c

General John J. Pershing (S. C.)—This is a sport of that ever prize winning dahlia Virginia Rute. Color is a new shade of coral and jasper red with chrome flush. There appear some lines of violet on the petals. Listed on two Honor Rolls of 1944.

Roots \$1.00

Glamour (I. D.)—An immense true purple with each petal edged amaranth pink. Long strong stems. Has been grown to 14 inches. Very outstanding.

Roots 75c

Gold Dust

Gold Dust (Pom)—Deep gold with early blooms a reddish tinge on the reverse. Petals fully quilled rolling well back to form a ball shaped flower. Very small—all blooms being within the pom limit and one which can produce the smallest in the flower show. Early and free flowering. On all honor rolls -----

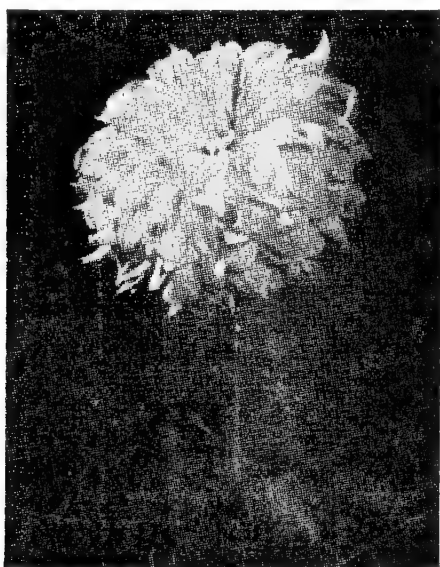

Plants \$1.00

Golden Jupiter (Inc. Cac.)—Two tone combination with the basic color of bright lemon changing to ashes of rose color. It has one of the longest keeping qualities of any dahlia to date. Has a good show record and is a 1948 honor roll dahlia **Plants \$3.00**

Golden City (F. D.)—A fine bi-color of scarlet penciled on golden yellow. Blooms very early. A good variety for cutting ----- **Roots 75c**

Gov. Warren (I. D.)—Golden salmon shading deeper at the center. A full deep broad petalled bloom well placed on a long rugged stem. This new giant in the autumn color class possesses real beauty as well as great size. A 1948 introduction that is worth growing ----- **Plant \$3.00**

Great Divide (S. C.)—A beautiful cactus dahlia of blended colors of shell pink, cream and yellow. A good bloomer and root maker. Flowers of large size and good depth ----- **Roots \$1.00**

Great Lakes

Great Lakes (I. D.)—A beautiful white with the early blooms tinted lavender at the tips. An easy to grow variety which blooms early and profusely, holding its full centers throughout a long season. Clean, stiff, straight stems holds the blooms well above the plants. On all honor rolls.

Plants \$4.00

Gypsy Girl (F. D.)—Medium size flower of rosaline pink flecked with dots and stripes of dahlia purple, a variegated florists type with good form and substance. Profuse bloomer. Keeps well when out. On eastern honor roll ----- **Plants \$1.50**

Halley's Comet (S. C.)—A beautiful semi-cactus of rose red and yellow blended together. A 1946 introduction on Eastern Honor roll ----- **Roots \$1.00**

Haselerover (F. D.)—Lavender with flecks and spotted purple. Very unusual bi-color dahlia.

Roots 50c

Hedwig Florence (I. D.)—1948 Introduction that did well. A deep creamy yellow bloom of medium size with good center. The petals twist and curl giving a beautiful formation ----- **Plants \$2.00**

Helen Hollis (F. D.)—An old timer but still popular with dahlia growers. Dark red. Good grower and good bloomer ----- **Roots 35c**

Highlander (I. D.)—Scarlet pink with a lighter reverse to the petals blending into a "Watermelon Pink." A very bright new shade of pink in dahlias. Not extremely full flower but is very artistically formed. Ideal stems and foliage ---- **Plants \$2.50**

Ike (I. C.)—A wonderful cut flower on ideal stems. A red that everyone admires. 1946 introduction.

Roots 75c

Jane Cowl (I. D.)—This has been a long standby for cut flowers and is yet an excellent flower to grow. Blooms are 8 to 10 inch size and full petaled. Warm autumn bronze and gold. Good stems.

Roots 75c

- Jane Lausche (S. C.)**—An outstanding bi-color—in a new color combination of soft mellow purple with white tips. Scored 86 and winner of many achievement medals and on all 3 Honor Rolls **Roots \$1.00**
- Jean Trimbee (S. C.)**—A bright petunia purple. Long petals that curl and twist. Tall and vigorous grower ----- **Plants 75c**
- Jeep**—A miniature Ball with a color blend of light pink flushed purple. Very useful for bouquet work. Especially good florist variety ----- **Roots 75c**
- Jersey Beauty (F. D.)**—This one is known to all and considered outstanding for the florist as a cut flower. A beautiful pink on good stems with nice formation of the petals ----- **Roots 75c**
- Jermars Cerise (I. D.)**—A 1948 introduction which was very good. The color being a cerise rose and blooms are of large size on good stems **Plants \$1.00**
- Joan Ferenz (I. D.)**—Creme-yellow with blush of spinel pink—the latter color being more noticeable towards the back third of the petals. Size 10 to 11 inches by 6 to 7 inches deep. Seedling of Jane Cowl. On Honor Roll ----- **Roots \$1.00**
- Joan Phillips Jr. (I. D.)**—A bi-color different than anything you've seen. In fact this dahlia is almost in a chrysanthemum formation. Blooms not the largest grown but of a size suitable for cut flowers. Size of blooms 7 to 8 inches. Color deep mallow pink, white tips. Petals have lacinated tips. On Honor Roll ----- **Plants \$1.00**
- John Adam Kernochan (F. D.)**—A medium size bloom of garnet red with each petal tipped white. It is more of a ball type than a formal decorative of the large class. Stems are good. Vigorous growth. Blooms 5x3 ----- **Roots 35c**
- Josephine G. (I. D.)**—A beautiful light pink with gold pointed petals. Good for cutting. Sturdy bush with flowers held well above the dense foliage. ----- **Roots 50c**
- Jubilant.** A miniature informal decorative dahlia that is truly a wonderful dahlia especially for small bouquets. Blooms early and until killing frost. Good stems and keeps good when cut. Coloring is a peach red with an orange cast with a lighter reverse ----- **Roots \$1.00**
- Judy Anderson (S. C.)**—Deep garnet red with most flowers tipped white. A quick healthy grower that absolutely will not stunt. Heavy foliage long stems with blooms facing to the side. 1946 introduction ----- **Roots \$1.00**
- Kelvin (I. D.)**—A beautiful dahlia from Australia. Blooms are large and massive and will attain the size of 11 to 12 inches in diameter. Buff color heavily suffused carmine rose giving a general effect of peach-pink. Very good grower, and blooms on good stems ----- **Plants \$1.00**
- Kentucky (F. D.)**—A sport of Jersey Beauty with all its good qualities except the color which is a beautiful peach pink ----- **Roots 75c**
- Kathie M. (M. F. D.)**—A blend of soft buff suffused deep rose pink. Recommend highly as a real florist's dahlia for cut flowers. A 1948 introduction and one that was well liked ----- **Plants \$1.50**
- Kentucky Sportsman (I. D.)**—An unusual bi-color dahlia. Color is lemon yellow at the center, outer petals golden amber tipped white, and an old rose reverse. Medium size blooms. Try this one. ----- **Roots 75c**
- Kentucky Sun (F. D.)**—A large clear attractive yellow blooms on cane like stems. Good for exhibition. ----- **Roots 75c**
- Kirsten Flagstad (F. D.)**—Golden Autumn suffused apricot making it a very bright flower and quite artistic. Size of blooms 10 to 12 inches by 5 inches deep. On strong cane stems and dark foliage. On three Honor Rolls ----- **Roots \$1.00**
- Lakeside Ann (Cac.)**—Pale lemon yellow with orange at outer petals. Profuse bloomer and excellent keeper. 1946 introduction and on Eastern Honor Roll ----- **Plants \$1.00**
- Lakeside Beauty (F. D.)**—A blend of tyrian and amaranth pink with a cream center. 1946 Introduction and on two Honor Rolls. Great keeper and fine grower ----- **Plants \$1.00**

- Lady In Red (S. C.)**—A bright scarlet red that is a good cut flower. Fine form as well as color for exhibiting. Excellent for cut flowers. Foliage a dark green ----- **Roots 75c**
- Lemonade (Min. F. D.)**—Lemon-yellow. Petals pointed and flower has deeper yellow or greenish yellow at center ----- **Plants \$1.00**
- Leah Pearl (F. D.)**—A medium sized flower of a pleasing shade of light pink and cream. Flowers are globular form, being classed sometimes as a ball dahlia. A fine cut flower ----- **Plants \$1.00**
- L. C. K. (St. Cactus)**—Medium sized flowers of unusually bright apricot yellow with orange suffusion on outer petals. Excellent keeper and a florist's dahlia. 1945 Introduction ----- **Roots 50c**
- Little Wisteria (Min.) (F. D.)**—Pale amaranth pink at ends of petals with pale phlox pink at base. Bright color and a very prolific bloomer. ----- **Roots 50c**
- Lucky (S. C.)**—A bright red cactus. Ideal for cut-flower work. Blooms held facing on stiff wiry stems. Starts blooming early and continues throughout the season ----- **Roots \$1.00**
- Luzon (St. C.)**—Clear purple, to a deep lavender. Quite profuse bloomer. Good grower. Uniform flowers of 7 inch size ----- **Roots \$1.00**
- Lois Walcher (F. D.)**—An outstanding 1939 dahlia and regarded as the leader of all 1939 introductions. Color is deep Amaranth to pansy purple with the outer one-third petals a clear white. There is no blending of the two colors, each breaking sharply into the other ----- **Roots 75c**
- Lord of Autumn (I. D.)**—Deep golden yellow. Exceptionally beautiful ----- **Plants 75c**
- Magnificent (S. C.)**—A beautiful dahlia of peach and gold. Attracted attention wherever seen in the shows and trial grounds. Blooms 10 to 11 inches in diameter and 7 inches deep. On three honor rolls. ----- **Plants \$2.00**
- Major Viers (F. D.)**—Gold with peach suffusion on outer petals. Massive ball shaped flowers 9 to 10 inch diameter. Strong rugged grower. Beautiful under artificial lights where it has an apricot color. On Honor Roll ----- **Roots \$1.50**
- Mme. Chiang Kai-Shek (I. D.)**—A blend of rose red and buff giving brilliant color and useful. The petals are unusually wavy. Size of bloom 9 by 5 inches. Stems long and erect with blooms well out of the foliage. On Honor Roll ----- **Plants \$1.00**
- Maffie (I. D.) 1940**—Massive blooms of intense red having perfect formation. Blooms have reached a size of 13 inches and held on long stems. Has won many ribbons ----- **Roots \$1.00**
- Marie (Dec.)**—A dainty pink of the most vigorous habits and a big root maker. Size 4 to 5 inches. Useful for cutting ----- **Roots \$1.00**
- Mickey (Min. F. D.)**—Scarlet formal decorative miniature and its tiny size make it distinctive. Size 2 by 1 inch with a 10 inch stem. Quite profuse bloomer early and late ----- **Plants \$1.00**
- Michael Black (I. D.)**—An outstanding new informal in the big bloom class. Foliage and plant growth always healthy and insect-resisting. Color is a velvety-reddish purple that does not fade. Strong, heavy stems hold the bloom in an upright facing position. On Honor Roll ----- **Roots \$2.00**
- Michigan Orchid (F. D.)**—Phlox purple but with lots of blue shading. In fact believe it's the nearest blue dahlia we have seen. Has ideal stems. Foliage thick. Size of flowers 6 to 9 inches by 3 to 4 inches. On Honor Roll ----- **Roots \$1.50**
- Michigan White (S. C.)**—A fine white cut flower dahlia. Flowers run from 5 to 8 inches in size. Early and continuous bloomer ----- **Roots 75c**
- Milton J. Cross (I. D.)**—An immense flower of rich yellow buff, the outer petals flushed with a rosy amber. Long, stiff stems ----- **Roots 75c**
- Miss Liberty (F. D.)**—Bi-color, scarlet with round white sections at petal ends. Extra long cane-like stems. Foliage dark broad leaves. On three Honor Rolls ----- **Plants \$2.00**

- Zonneglans (S. C.)**—Sport of Scarlet Leader. Blooms are scarlet with orange glow. Long sturdy stems with blooms well above the foliage ---Plants \$1.50

HARDY CHRYSANTHEMUMS

The following list of hardy Chrysanthemums are those we find most suitable for garden display and for cut flowers use. There are many types of Chrysanthemums from the low cushion Mums to the tall growing varieties. These are strong will rooted plants. This list consists of the leading varieties of 1949. Chrysanthemums are becoming more popular each year with flower lovers. They produce more flowers than any other kind for so little investment. Be sure and include some chrysanthemums in your planting this year and you will have a wealth of bloom from late summer until heavy frosts. The low cushion mums are suitable for rock gardens and border planting. Especially nice planted in front of your evergreens.

- Alabaster**—A large incurved white. Strong stems. Begins blooming in late September ----- **Each 40c**
- Algonquin**—Bright yellow fully double, good stems. Early blooming ----- **Each 40c**

- Yellow Spoon**—Brilliant yellow -----Each 50c

CUSHION CHRYSANTHEMUMS

These are the most popular of the dwarf Chrysanthemums. Growing about 18 inches high and producing hundreds of blooms. The following are the latest introduction. Per Plant, Any Variety, Each 30c

Champion Cushion—A reddish deep bronze. The flowers and growing habits are of a perfect cushion type.

Bronze Cushion—Autumn colors of bronze. Low growing.

Major Cushion—A valuable addition to the Cushion family. Bright salmon-pink flowers making a noticeable plant among other varieties.

Red Cushion—Semi-double bright red growing in normal form.

White Cushion—Touched with pink when opening.

Yellow Cushion—Yellow with a bronze overcast.

Cannas

Cannas are a very popular bedding flower and give a wealth of color. The following varieties are selected for their color and flowering habits which are extra good. Order early and get them planted as soon as possible and your blooming season will be from mid-summer until frost.

Apricot—Green foliage and salmon pink flowers.

City of Portland—Lovely Pink.

Red King Humpert—Orange scarlet with bronze foliage.

Yellow King Humpert—Yellow with red spots. Green foliage.

The President—Large rich scarlet flowers.

Rosemond Cole—Orange red blooms each margined yellow.

Strong Roots 20c each, 6 for 90c or \$1.50 per dozen

Gladiolus

Gladiolus are one of the leading cut flowers for all flower growers. The demand for gladiolus is increasing and we have listed varieties that are most popular and that are seen in the Gladiolus Shows. Don't fail to try a few of the newer ones and see the difference. All bulbs are of large size 1¼ inch or more and selected quality. Plant 5 to 6 inches deep and 6 inches apart in the row. Make several plantings two weeks apart until mid season and you will have flowers over a longer period of time.

Special New Low Price—\$1.00 per Doz.

Not Less Than 6 of a Variety at 1 Dozen Rate

Aladdin—Large beautifully ruffled deep salmon with cream blotches. Should be planted early to make longer spikes.

Algonquin—Brilliant glowing scarlet with large wide open blooms. One of the very best scarlets.

Bagdad—Tall grower with large florets of a smoky rose. One of the later ones to bloom.

Betty Nuthall—Lovely coral peach with good placement of flowers on straight stems. Ranks top in its class.

Black Opal—Magnificent tall deep red. Fine show flower.

Blue Beauty—One of the heaviest and largest of the light blue.

Blaze—Light scarlet. Good placement of florets on good stems.

Berty Snow—Delicate orchid pink.

Candy Heart—Pure flesh pink with a large blotch of light carmine.

Sharmouny—Deep rose shading to lighter color on edge of petals.

Casablanca—Medium size flowers of ruffled white. Early bloomer.

Early Melody—One of the first to bloom. Flowers are of a pinkish lavender color.

Early Peach—We count on this one as the first one to go to the cut flower market. It's a lovely peach color on long stems. We like this one very much.

- Elizabeth The Queen**—Beautiful lavender with darker lines in throat. Ruffled blooms.
- Ethel Cave Cole**—A large light pink that make a fine cut flower as well as an exhibition spike. Strong husky grower.
- Fair Angel**—A fine ruffled cream shading to a deeper cream throat. A tall growing variety that opens about 6 florets on slender stems.
- King Lear**—Very tall ruffled luxurious reddish purple, bordered with a fine silver line on edge of petals. Excellent grower.
- Maid of Orleans**—Lovely pure snow white.
- Margaret Beaton**—A rich milky white with a tiny spark of vermilion deep in the throat. Reminds one of those beautiful white phlox with a pink eye. Spikes are tall.
- Margaret Fulton**—Dark salmon with a cream throat.
- Marguerite**—Fine as an early or late glad. Large blooms of watermelon pink.
- Minuet**—Large uniform clear lavender that is always in demand.
- Moravian**—Ruffled dainty lavender with purple penciling.
- New Era**—A beauty that is very popular. Each petal is crimped and a beautiful rich pink.
- Orange Princess**—Pure salmon orange. Slightly ruffled. Beautiful.
- Oregon Gold**—Medium yellow on outer edges blending to a deeper yellow in the throat. Ruffled florets on tall spikes.
- Peggy Lou**—Deep shrimp pink with an overcast of rose, giving it a waxy appearance. Florets are large and placements good.
- Phyllis McQuiston**—Another beautiful deep pink that is always in demand and a winner in the show rooms.
- Picardy**—This is a favorite with every florist and wholesale house. The demand for this one is great. Color is a medium rose pink with large florets.
- Primate**—Golden yellow.
- Purple Supreme**—Medium size blooms of bright purple.
- Red Lightning**—Beautiful bright red with cream blotches in the throat.
- Rewi Fallu**—Large blood red. Florets extra large.
- Ruffled Beauty**—Light yellow of unusual personality and ruffling. Opens several blooms on a medium length stem. Lovely for floral pieces.
- Rosa Van Lima**—One of the newer varieties. Color a bright pink with a lighter throat.
- Snow Princess**—A creamy white that is an improved Maid of Orleans, being purer in color and more uniform. Very strong grower.
- Surfside**—Tall ruffled white with slight pencil markings in throat. Vigorous grower and is a favorite for commercial growing or for shows.
- Vagabond Prince**—Gorgeous mahogany brown with a flame blotch in throat. Very odd.
- Valeria**—Light scarlet of an unusual shade. Valuable as an early cut flower.
- Wanda**—A cream sport of Picardy that is fast becoming popular.
- White Gold**—Large clear light cream. Huge florets on tall spikes.
- Yellow Beauty**—Frilled petals of a primrose yellow. Large florets.
- Zuni**—Smoky old rose, with salmon and dark slate overcast with an orangy feathering.

New And Outstanding Perennials

For lasting beauty in your garden from early spring till freezing weather be sure and grow some perennials. Since there is such a range of plants one is sure to find the kind and type you like best.

Hardy Asters

Fall Blooming and Tall Growing Varieties

Aster-Frikari, Wonder of Staefa—Branching plants of about 2 ft. high. Flowers are lavender blue with a gold center. Something extra for the perennial border ----- Each 60c.

- Beechwood Challenger**—A new Aster with sturdy plants bearing masses of glowing crimson flowers. We consider this to be the finest red Aster to date ----- Each 60c
- Blue Plume**—A choice and showy Aster with almost double flowers of deep blue. Blooms are carried in stately spikes ----- Each 60c
- Lavender Giant**—A new introduction. Large lavender blue flowers completely covering the 3 foot plant in graceful sprays, making this variety ideal for cut flower use ----- Each 60c

- Hibiscus—(Rose-Mallow)**—This is a 5 foot shrub-like perennial that is very good where you want space covered or a screen made. Beautiful hollyhock shaped flowers in shades of deep red-pink and white. Mixed colors only. **Each 25c, 5 for \$1.00**
- Helianthus—Loddon Gold**—Wonderful cut flower blooming from August to October. Rich yellow blooms, size 3 to 4 inches and 4 feet tall.
Each 25c; 3 for 60c
- Iberis—Hardy Candytuft.**
- Little Gem**—Dwarf and very compact growing. Excellent for borders ----- **Each ???**
- Snowflake**—A new candytuft with larger pure white flowers. Also good for border planting and in the rock gardens.
- Liatris or Kansas Gay Feather**—A grand plant for cut flower work. Blooms are on stalks from 3 to 5 feet. The varieties are as follows:
- Callilepis**—A rich purple. Blooms in mid-season.
Each 20c

- Scariosa—September Glory**—Tall growing, purple flowers from top to bottom. Blooms in September. Each 25c
- Lilies—Lemon Lily**—A hardy yellow lily blooming in July that does not require much care. Flowers are on long stems and fragrant. Each 35c; 3 for \$1.00
- Lilies—Regal**—Tall spikes with white blooms tinged pink on the outside and yellow on the inside. Blooms in June and July. Perfectly hardy. Very fragrant -----Strong Bulbs 50c
- Lilies—Phillippinense**—A new white lily with a pale green throat. Blooms in August and until frost. Very sweet scented -----Strong Bulbs 60c
- Fairy Lily, Magic Lily, and Hardy Amaryllis.** Large type. In the spring green foliage is produced which disappears in mid summer. About a month later as if by magic a stalk appears, bearing clusters of several lily shaped orchid pink flowers lightly over-cast with a blue shade. Perfectly hardy. Each \$1.00
- Lychnis—Chalcedonica**—Very showy perennial of about 2 ft. high in bright scarlet red. Each 25c; 6 for \$1.00
- Lythrum—Mordens Pink**—Masses of rose-pink flowers on narrow spikes. Profuse and continuous bloomer. Excellent for cutting. A hardy variety growing in full sun or partial shade. Each 35c; 3 for \$1.00
- Pansies**—Strong plants in assorted colors. Large size blooms -----15 for \$1.00
- Pentstemon—Firebird or Cherry Glow**—An outstanding new introduction to add color to summer gardens. The individual ruby-crimson blooms are unusually large and the long spikes of blooms are especially attractive in bouquet. The past year this plant was in demand with all florists who saw it. Each 50c, 3 for \$1.25
- Phlox Subulata or Creeping Phlox**—A creeping moss about 4 inches high that is desirable for rock gardens. Blooms early in spring. Can supply in following colors—white, rose pink, lavender blue and red -----Each 35c; 4 for \$1.20
- Pyrethums or Painted Daisy**—Mixed colors of red, pink and white -----Per Plant 20c; 3 for 50c
- Primula or Hardy Primrose**—These little flowers are a welcome to the hardy spring flowers. Blooming early in April in a variety of shades of yellow, orange and dark mahogany colors. Height about 10 inches. These are good planted in among shrubbery for color effect ---Plants Each 35c; 3 for 90c
- Physostegia—or False Dragonhead**—Spikes of rosy red and pink blooming in July and August. An old fashion flower. Good for cut flowers. Each 25c; 5 for \$1.00
- Santolina—Lavender Cotton**—This little plant is grown for their beautiful foliage and aromatic odor. Good in rock gardens or borders.
- Incana**—Silvery gray foliage.
- Veridis**—Light green -----Each 35c; 4 for \$1.00
- Sea Holly**—Grows in fine lace like form with a profusion of misty purple-blue blossoms which may be cut and dried for winter bouquet. Grows about 18 inches high. Does well in poor soil. Each 25c—5 for \$1.00
- Stokesia**—Rich green ornamental foliage with a clear azure-blue flower. Begins to bloom in July. Grows 12 to 15 inches high and flowers look like asters with finely divided petals. Each 35c—3 for \$1.00
- Statice Dumosa**—A perennial that the cut flower is suitable for drying -----Per Plant 20c; 2 for 35c
- Statice Latifolia**—Deep blue flowers that bloom in June to August. Can be used for winter bouquets. Per Plant 20c; 2 for 35c
- Sedum Spectable**—Light green foliage and bloom of rose colored flowers. Grows about 18 inches high. Good for borders or rock gardens. Per Plant 20c; 3 for 50c
- Sedum Sebaldi**—The best of the sedum family. Foliage round and a beautiful blue gray color edged red. Flowers are pink. Blooms in August and September -----Strong Plants 40c; 2 for 75c

Sweet Williams—An old fashion flower from our grandmother's garden. Always admired by everyone. Blooms in June and July on 1½ to 2 ft. stems in colors of solid reds, pinks, white, purple to the two tone combination -----Each 20c; 6 for \$1.00

Violas—In assorted colors of blue, yellow and purple. Violas are miniature pansies. Wonderful little rock garden plants.

Plants Each 15c, 6 for 75c, Per Dozen \$1.25

RUDBECKIA

The following two varieties are very popular perennials that are good for cut flowers.

Purpurea The King—Large star like crimson red flowers borne on stiff stems. Easily grown. Very effective as a garden plant or cut flowers.

Each 50c

White Lustre—White blooms borne freely on sturdy stems from late June to September. When the blooms first open, the petals grow upward; as the flowers approach maturity the petals flatten in true daisy like fashion. A very new perennial.

Each 75c

Hardy Summer Phlox

The hardy Phlox are becoming very popular in the perennial border. An increasing interest has been shown in recent years and many new varieties have been introduced.

Per Plant 35c

American Beauty—Clear deep pink flowers and panicles large.

Africa—A favorite deep red. Good grower. And sure heavy bloomer.

Bridesmaid—Pure white with red eye.

Bright Eyes—An attractive shade of lavender-pink with crimson centered florets. A sturdy grower of medium height.

Chieftain—A very deep crimson variety which does not fade or discolor in the sun. Very popular.

Count Zeppelin—Pure white with vermillion-red eye with no fading or suffusion of colors.

Daily Sketch—Salmon-pink with carmine centered florets. Tall grower.

Hauptman Koehl—Plants tall with large deep red flowers.

Lillian—Large panicles of pure pink flowers with slight shading of blue at center of florets. One of the most distinctive new Phlox ever introduced.

Moonlight Dream—Large pure white flowers of sturdy growth.

Pink Charm—Bright clear pink with a scarlet sheen. Many flowering branches, medium height.

Prime Minister—Clear pure white with brilliant red center.

Starlight—Beautiful pastel lavender-orchid color with white center marking. Large flower heads and florets. Strong grower.

Thor—Deep salmon-pink with a peculiar scarlet color tone. A prolific bloomer and strong grower.

Miscellaneous Plants

Tuberoses—Mexican single tuberoses that are highly recommended for cut flowers. Pure waxy white flowers and very fragrant. Not hardy.

Each 20c—3 for 50c

Tritonias or Red Hot Pokers—Sometimes called the torch flower. Very odd looking blooms of orange flame color on long stems. Suitable for cut flower work. Plants are hardy with winter protection.

25c Each, 5 for \$1.00

Caladium or Elephant Ears—Are for foliage display. They prefer partial shade and plenty of water. Not hardy. Dig them up in the fall and store like cannas or pot for house culture -----Per Bulb 35c

Silver Lace Vine—Foamy white sprays of flowers completely covering the plant in late summer and early fall. Easily grown, does well in sun or shade. Vigorous and hardy -----Strong Plants Each 75c

NEW BUDDLEIAS OR SUMMER LILACS

A favorite in shrub border, growing about 4 to 5 feet tall and continuously in bloom from mid-summer until frost. Can be used as cut flowers. Butterflies love this plant. You are missing a fine plant if you don't have it. Following are the best varieties:

Charming—Pink.

Concord—Red.

Dubonnet—Rich wine.

Eleanor—Blue.

Hartwegi—Lavender.

Ide-de-France—Reddish purple.

Luck—Lilac blue.

Orchid Beauty—Orchid.

Royal Red—New addition to the Buddleia collection.
The closest approach to red yet achieved.

Each of the above 60c

Buddleia—Empire Blue—A distinct new variety of deep blue with a delicate lilac tone. One of the best to date. Very attractive ----- Each 75c

Buddleia—White Bouquet—New, glistening white, fragrant flower spikes cover the plant all summer providing a source of cut flowers. Don't fail to try this one ----- Each 75c

Hedge

Red Leaf Barberry—This is an ideal plant for hedges or planted singly as a shrub. Can be used with evergreen plantings in landscape work. Bright red foliage in spring and summer deepening to a dark crimson in the fall with red berries that remain on the bush late in the winter after the foliage has dropped. Should have full sunshine.

Plants, size 10 to 15 inches, 25c

Green Leaf Barberry—Same as the above plant except the color remains a dark green all summer, changing to an orange red in the fall. Also has berries ----- Plants, size 10 to 15 inches, 25c

Ground Covers

Pachysandra (Spurge)—The ideal evergreen ground cover for shady places. Grows about eight inches high. Great for places where grass will not grow.

Strong Plants Each 20c, 12 for \$2.00

Vinca (Myrtle)—Rapidly spreading evergreen vine than is suitable for banks or shady places. Also used a lot in cemeteries on graves. Has an intense blue flower ----- Plants 15c, 12 for \$1.50

Vines

The following varieties of Clematis are the large flowering type that are suitable for lattice or trellis. They add beauty wherever planted.

Strong Potted Plants \$1.00 Each

Baron Veillard—Pink to lavender color.

Hemryi—Large clear white.

Jackmani—The most popular of the large flowering Clematis. Large velvety violet purple flowers. Vigorous grower.

Lawsoniana—Large flowering variety with overlapping petals. A beautiful blue flushed with mauve blended together making a rose purple color.

Mme. Edouard Andre—Bright rosy carmine with a wine cast. Very beautiful.

Ramona—Lovely light clear blue flowers. A color that is outstanding.

Evergreens

We are listing a few evergreens in several sizes and varieties. These baby evergreens are interesting to grow and with care and attention you will have specimen plants just like the nursery sells. You may purchase several of these plants with a small investment and in a few years will be worth many times the first cost.

Pyramid Arborvitae—Naturally growing upright tree in columnar type. Densely branched and beautiful foliage. Three year size, 7 to 9 inches.

Each 45c; 3 for \$1.10

Globe Arborvitae—Compact dark green dwarf growing. Grows naturally in a ball shape. Three year transplanting size, 6 to 8 inches.

Each 45c; 3 for \$1.10

Golden Biota—Arborvitae—This compact tree is one of the showiest evergreens growing. The foliage is edged yellow and in the spring the new growth is a gold color. This makes a nice contrast with other evergreens. Three year transplanting size 6 to 8 inches -----

Each 50c; 3 for \$1.25

Junipers Phitzer—Low growing evergreen with spreading habits. The best of the spreading evergreen Junipers. Three year transplanting size, 6 to 9 inches -----

Each 45c; 3 for \$1.25

Juniper Fastigata—Tall and narrow growing bluish evergreen. Foliage is very compact. Good to plant in cemetery. Four year transplanting size 6 to 9 inches -----

Each 45c; 3 for \$1.10

Juniper Hetzii—Another low growing spreading Juniper that is valuable in landscaping. Blue green color. Three year transplanting size, 6 to 9 inches.

Each 50c; 3 for \$1.25

Taxus Yews

This variety of evergreens are strictly ornamental and have a wide range of uses. Can be grown in sun or shade. Foliage is a rich dark green with small soft needles. Some varieties have scarlet red berries in fall and winter. Yews are the better class of evergreens and more resistant to disease and bugs. Try some and be convinced.

The following list are a few of Taxus Yew that are most popular with landscape.

Hick's Yew—An upright columnar type of compact growing habits. One of the very best Yews. Four year transplanting size, 6 to 9 inches.

Each 50c; 3 for \$1.25

Cuspidata Yew—Spreading habits like the Juniper Phitzer. Bushy and low growing. Four year transplanting size, 6 to 9 inches --

Each 50c; 3 for \$1.25

Capitata Yew—Upright growing type which makes an ideal specimen plant. Pyramidal form. Dark green foliage. Five year transplanting size, 6 to 9 inches -----

Each 50c; 3 for \$1.35

7 yr. transplanting size ----

Each \$1.00; 3 for \$2.50

Hatfield Yew—Compact upright tree that is wider at the top than most upright trees. Good for intermedia planting with larger and small trees. Five year transplanting size, 7 to 9 inches.

Each 50c; 3 for \$1.25

Hemlocks

This is a very graceful tree. Its long branches droop gracefully toward the ground and the needles are soft and delicate. Very hardy and can be grown in sun or shade. Truly a wonderful tree and resistant to disease.

Six year transplanting size, 10 to 12 inches.

Each 65c; 3 for \$1.55

Norway Spruce

Norway Spruce are a much taller growing evergreen than most evergreens. These are used greatly for live Christmas trees, windbreaks or for specimen planting. This variety is the best known Spruce. Easily transplanted and long-lived.

Five year transplanting size, 8 to 10 inches.

Each 40c; 3 for \$1.00

Eight year, 12 to 15 inches ---

Each 75c; 3 for \$2.00

Boxwoods

This is a broadleaf evergreen and very slow growing taking years to grow into large size specimens. Boxwoods are long-lived and beautiful throughout the year. They have many uses in bordering of perennial beds, walks, driveways and foundation plantings.

Four to six inches transplanting size.

Each 50c; 3 for \$1.00

Eight to twelve inches, six year.

Each \$1.00; 3 for \$2.50

Vegetable Plants

With the need of food in the present time it's our duty as an individual to grow some vegetable for home use, at least. We have increased our vegetable plant quantities over last year's number. The following plants are from certified seed. Prices for all tomato plants as follows:

Strong Transplanted 35c per Doz.

Plants out of Hotbeds, Not Transplanted 25c per Doz.

Tomatoes—Firesteel—Considered the best all around tomatoe. Can be planted for early or late crop. Firm, solid and meaty. Dark crimson red all over at same time. It is a smooth globe shape, and ripens evenly. Hardly any small tomatoes. Individual tomatoes weigh from 12 to 15 oz. and are borne in clusters of three to five. As fine a flavored tomato we have ever eaten, free from acidity, fine for juice and unbeatable for slicing. This tomato is increasing in demand each year and will replace a lot of older varieties. Give this tomato a trial this year.

Greater Baltimore—The tomato that is used by canning factories.

Pritchard—Brilliant red fruit of the disease resistant variety. Fruit large, smooth and of globular form.

Rutgers—Drought and wilt resistant and has proved dependable cropper. First class for local marketing, canning or shipping. Slightly flattened globe, smooth, bright red and solid.

Sweet Potatoes

We pride ourselves in the variety of Sweet Potatoes we can offer. Last year we could not fill all our orders, but have increased our planting this year where we feel reasonably sure we can furnish the demand. All stock are from certified seed and sent to you post paid.

Golden Sweet—A new variety that is outstanding in the list of sweet potatoes. The color is a deep rich golden yellow with a slight pinkish cast, holding its color perfectly when cooked. It is neither extra dry or wet type like many other sweet potatoes. Slightly moist at any state of maturity. It produces a crop very early. We know when you have tried this potato you will be more than satisfied and will continue to use it. If you want the best try "Golden Sweet."

Plants 100 for \$1.00, 250 for \$2.00

Nancy Hall—Yellow in color tinged with salmon, medium to large. Holds its color when baked. A good producer -----Plants per 100 75c; 250 \$1.75

Nancy Gold—A new strain of the above variety with a superior orange colored flesh. Much in demand.

Plants per 100 75c; 250 for \$1.75

Porto Rico—Light rose to rose color skin with flesh orange color. This is a popular market variety.

Plants per 100 75c; 250 for \$1.75

Red Jersey—Small to medium in size. Skin red while the flesh is yellow. When baked very dry and mealy and fairly sweet. Much the same quality as the Yellow Jersey.

Plants per 100 75c; 250 for \$1.75

Priestly—Much the same good quality as Yellow Jersey. Skin light yellow and very dry and mealy when baked. It is uniformly smooth, short and plump. A good keeper. This is highly recommended and would like for you to try some of these plants for comparison.

Plants per 100 75c; 250 for \$1.75

Pride Of Kansas—A new variety that meets with approval. Dark russet yellow in color, smooth and regular. Flesh salmon color. Medium dry and mealy. Very sweet.

Plants per 100 75c; 250 for \$1.75

Red Bermuda—Very early, heavy producer, medium to large in size, deep rose to reddish purple in color, flesh light yellow when baked. Thrives on a great variety of soils. A sure producer. Grows well in some sections where no other potato can be produced. A good early and heavy producing variety.

Plants per 100 75c; 250 for \$1.75

Yellow Jersey—An old standard variety that has been grown for a number of years. A good keeper. Small to medium in size. Very dry and fairly sweet when baked.

Plants per 100 75c; 250 for \$1.75
